

Why XXIAdults?

Adult education—especially in **digital skills**—often faces challenges such as outdated practices and limited investment in innovation.

The XXIAdults project addresses these challenges by:

- Supporting **adult education centers** in modernizing their training approaches
- Providing **practical tools and guidance** for educators
- Strengthening **digital skills among adults aged 50–75**
- Promoting **lifelong learning and social inclusion**

By responding to these needs, XXIAdults contributes to improving the **quality of adult education and the lives of adult learners across Europe**.

Project Meetings

❖ Kick-off Meeting – Valladolid, Spain

3 April 2025

The first transnational project meeting successfully took place in **Valladolid**. Partners discussed the project structure, defined responsibilities, and agreed on the timeline for the first activities and deliverables. The meeting established the foundation for **effective cooperation and strong communication among partners**.

❖ Second Meeting – Sarajevo, Bosnia and Herzegovina

29 September 2025

During the second project meeting in **Sarajevo**, partners focused on:

- The development of the **Training Guide**
- Collection of **Good Practices** from partner countries
- Alignment of activities with the project's objectives

The meeting strengthened collaboration and ensured the project continues progressing successfully.

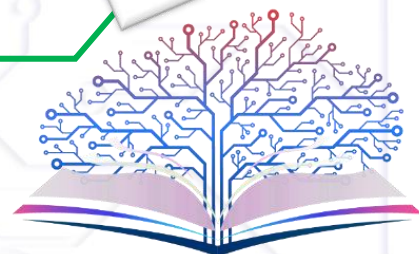

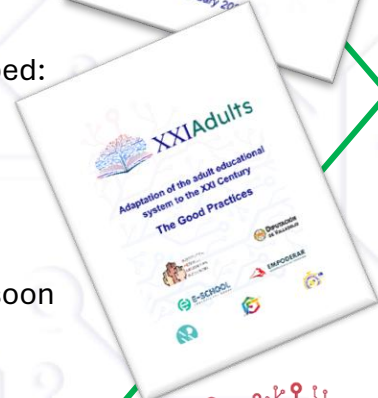

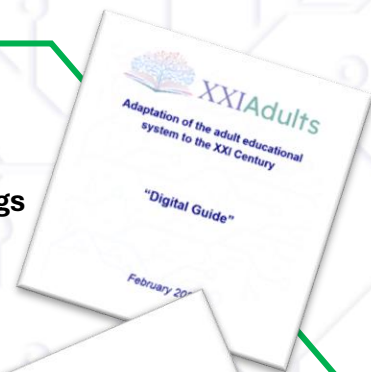

Project Progress

To ensure effective coordination, the consortium holds **monthly meetings** to monitor progress, address challenges, and maintain collaboration.

Based on a multi-stakeholder survey on adult education needs and a collection of international **good practices**, the partners have developed:

- **A Training Guide:** Featuring a theoretical framework and four modules (Digital Learning, Creativity, Social/Intergenerational Learning, and Inclusion).
- **A Multilingual Platform:** Currently developed and launching soon with all project content.

Looking Ahead

- ❖ The first phase of the XXIAdults project has been successfully completed thanks to strong collaboration among partners.
- ❖ Next steps on the project implementation are:
 - The **Implementation Plan**
 - The **Piloting Phase**
 - The next **TPM in Portugal**
- ❖ The consortium will continue working on developing the project results and implementing activities that support **innovative, inclusive, and modern adult education across Europe**.
